Mr. Jones' Morning Sermon on "Mother, Wife and Daughter," a Powerful and Touching Discourse. Mr. Culpepper mon to the Young Converts. Mr. Jones | and keep her mouth shut. Remarks to His Durham Audience. With a Gold Cane. The Tabernacle Meetings to Be Held Annually.

Early Sunday morning the crowds be gan to roll into Durham from every di rection and by every means of locomotion, the trains from Raleigh, Oxford, Henderson and Greensboro being unusually crowded with people coming to hear the concluding sermon in the Sam Jones meetings.

Several hours before the morning ser vices began the people began to pour into the Tabernacle, and by the time for the exercises to begin, every seat had been taken and every foot of standing room was occupied.

At about air m'clock in advance of the arrival of the evangelists Mr. James Southgate arose and after reviewing the success of the meeting about to close made an earest appeal to the congregation to make up a liberal contribution for Rev. Mr. Jones.

Mr. J. S. Carr spoke of the great spiritual good he had received from the meetings, and said that he would give \$500, and that in order to get the money in hand before night he would agree to cash all subscriptions made in good faith.

This display of open-handed liberality of Durham's most generous and public spirited citizen, produced a deafening applause. A general collection was taken up and the total sum of \$2,260 was raised and which was later on turned over to Mr. Jones.

Prof. Excell sang a beautiful solo, entitled "The Wonderful Country," after which Mr. Jones arose and announced the subject of his sermon as

"MOTHER, WIFE AND DAUGHTER."

He said that the word mother was our first and sweetest word. God's best gift to a good boy is 2 good mother. There is not a mar in all the world so base who did not at some time talk of adages were self-evident truths, one of these was "the hand that rocks the cradle \$2,650.50 was subscribed. rules the world." He spoke of silly girls who dance, and who encourage the attention of dudes. The dude, he said, was a pimple on the face of society You have seen these little white pimples that come on your face when you sleep. That was a dude, and when one of these pimples was squeezed it was a dudine.

Mr. Jones accompanied his discourse with a number of practical illustrations that brought the morals he wished to convey very conspicuously before his

At the close of his sermon Mr. Jones announced the presence on the platform of the wife of the late Bishop Wightman and in fitting language introduced her to the audience. Mrs. Wightman presented the cause of the Woman's Missionary Society, of which she is a representative. She said that it was no new thing for women to engage in missionary work, but that it was new that they were beginning to accomplish that work under thorough organization. She said much that was eminently practical and wise in regard to training schools, and mentioned the religious normal school to be erected at Kansas City, where Sunday school missionary and charitable workers would

be carefully trained. Mr. Jones made an appeal to the audience for contribution to aid this normal religious work and to help build the refund amounting to the generous sum of combined, (faint applause.)
